

2022

Dear (name of child),

Ho, Ho, Ho, and Merry Christmas to you and your family! It is almost Christmas Eve, and the reindeer and I are so excited to visit (city) again this year! I have checked my naughty and nice list, and I am so happy to see your name on my nice list this year! That makes me and Mrs. Claus very happy. I believe I saw (Friend's name) also on the nice list, so let (him/her) know.

Remember to keep being a good (gender) and play nicely with (friend). I'll try to make sure the elves find (presents) in the workshop that you asked for. I can't promise everything but will try my best.

Mrs. Claus and I are very proud of you and now that you are (age), it is great to see you enjoy doing (achievements). We could not be happier for you, and we hope you will continue to be a good (grade/student) all year round. She also likes how well you play with your classmates, do your homework and listen to your teacher.

My sleigh just went through the final flying tests before the big journey, and Rudolph, my leading reindeer, is very happy with the results. Glorfindel, the weather elf, is telling me the weather is looking good for sleigh flying. Inglor, the flight controller elf, is saying that everything is ready in case we need to make any route adjustments if necessary.

I ask that you remember to leave out carrots for my reindeer and cookies for my late-night snack. Make sure you head to bed on time, and I will be visiting very soon!

Wishing you a very Merry Christmas!

Love,

*Santa*
