Dear TORCH Academy Participant,

Thank you for partaking in the TORCH Citizens Academy. Your willingness to learn about our Association and community is an example of why Sun City West is a great place to live.

Over the course of the next seven weeks, you will be introduced to historical facts about the development of Sun City West, learn about the community's services as well as what it takes to run the Recreation Centers. You will hear from leaders in the Association's various departments, meet your Governing Board Directors, and discover the important organizations that make up the structure of our unincorporated community.

During the Academy sessions, you will also have opportunities to engage in discussions about the Association and share your concerns and ideas. We have taken to heart the suggestions from past participants, and we look forward to your contributions during these sessions.

Sun City West needs people who are fully informed and can speak knowledgably about the issues of the day. Residents like you who take the time to go through TORCH help dispel rumors and provide accurate information about important matters.

With your help and participation, we can accomplish our goals and ensure the best possible future for the greatest active adult community - Sun City West. Thank you for your willingness to share your time, talents, and perspectives. Enjoy the experience!

Sincerely,
