

Jack Ruzic

I am a Minnesota native -- born in Duluth. I attended the University of Minnesota (Duluth) but went on to play hockey for the Fort Francis Canadiens. Like many good hockey players, injuries ended my skating career but sharpened my competitive spirit very early on!

My work career spanned decades, including years at Pitney Bowes and LaSalle Extension University in collections, admissions and high-level regional/national sales/account management. I eventually opened a start-up called KBR, Inc., in California, where I spent over 30 years of my professional career developing its multi-faceted services-oriented business.

We were plainly very successful! While KBR, Inc. started from scratch with \$8000 in sales and \$1100 in revenue, we sold the company in 2009 with sales of \$20 million per year and \$4 million in revenue.

Professionally, I was involved in several organizations, including past President of California Collectors Association, past President of Healthcare Financial Management Association of Northern California and Past Regional Vice President of the National Exchange Club.

My business and business development skills definitely make me highly qualified to serve as a Director on the Governing Board!

But I'm not "all business." While in California, I committed to several years of volunteer work with youth football and baseball. I also worked with the Sutter County Sheriff's Aero Squadron Department as a reserve Sheriff. We handled search, rescue and prisoner transport from all over the US.

I moved to Arizona in 2017 -- first to Surprise and then to Sun City West, where I am an active member of the Softball Club. I still have my hand in law enforcement at both the Sun City West Posse and Maricopa County Sheriff's Posse, where I serve as a Sargeant and Duty Officer.

My goal is to serve our wonderful community as a business leader and protector of "all things" Sun City West -- to guarantee that we remain fun, safe and fiscally astute.

I'd appreciate your vote in March 2025!
