

Sandra Forsey

I am running for the Sun City West Governing Board, to uphold the integrity and values of our community. My focus is on fostering a united spirit, representing the best interests of residents and ensuring fiscal responsibility. Together we can protect and enhance the assets and quality of life that defines Sun City West.

I grew up Idaho, where I developed a strong sense of community and a love for the nature. We lived in Peoria, AZ for 35 years before relocating to Sun City West.

I built a career in the heavy-duty trucking industry, working with some of the largest trucking companies in the United States. My role involved crafting price packages for parts, service, and body shop needs, and I also provided bids to municipalities for essential parts and service. This experience honed my negotiation skills and deepened my understanding of the logistics and operational aspects of the transportation sector.

In 2018, We purchased a home in Sun City West, I felt ready to slow down and explore different avenues. I spent five years working at Camino del Sol Funeral Chapel selling preneed packages and cemetery property,

Upon my retirement, I became the President of the WaterFitness Club, where I served for three years, and was also the Vice President of the Silver Club for three years. These two clubs, while very different in focus and purpose, offered me invaluable insights into the workings of two very different chartered clubs in addition the dynamics of community engagement. I recently attend the fall 2024 TORCH academy which provided me greater incite into Sun City West and its dynamics.

Currently President of the SCW Witches ride. With the help of many dedicated strong women, we were able to breath life back into the SCW Witches Ride and get the witches back on their brooms. We became a non-chartered club known as the SCW Witches Ride, which ultimately became a nonprofit organization. This endeavor allowed me to channel my creativity and organizational skills into a cause that brought people together for fun and charitable contributions. For the last two years, we have earned approximately \$15k each year that has been given to a local non-profit charity that supports many of our Sun City West residents. Our intention is to raise funds all year long and contribute them back into our communities' non-profits that provide help and support to our neighbors in Sun City West.

I have been fortunate to have a supportive partner by my side. Kent and we have been married 40 years and continue to be each other's best friend. Together, we have raised three children to adulthood and 1 cat. We are proud grandparents to four beautiful grandchildren.

As I reflect on my personal and professional journey, I recognize the diverse experiences that have shaped me. I am committed to lifelong learning and community involvement, and I look forward to the new challenges and opportunities that lie ahead.
